

Heritage Quality, Big Views

511 Cascade Run – Cielo Falls

Canopied by beautiful hardwoods and masterfully sited for privacy and the views of the surrounding mountain skyline, this 3890 square foot log home retreat defines western North Carolina mountain living!

Over 1700 square feet of wrap-around porches provide a relaxing setting to sit and listen to the cascading waters of the Lewis Fork River in the canyon below, while also welcoming you and your guests to the spacious open floor plan inside. Warm stone and granite finishes compliment the rustic full log interior, inviting the natural setting indoors. With 5 bedrooms, a large great room and dining area with cathedral ceiling, a separate recreation room, plus a 2nd floor reading loft, there's plenty of room for everyone in the family to spread out or gather together after a day of hiking or fishing along the river or enjoying one of the many amenities planned for Cielo Falls. Make your plans now to enjoy the seasonal blaze of Fall color in your new home by calling for a private showing of this unique home surrounded by over 500 acres of preserved community forest.
